Cancellation Policy: Due to the high demand for appointments and in order to be respectful of the medical needs of all of our patients, it is necessary that a **24-hour notice of cancellation** be provided for any appointment that a patient is unable to attend. In the event the patient does not provide 24-hour notice, they will be charged a **$50 cancellation fee**. This will be billed directly to the patient and is not reimbursable by their insurance company. This fee will need to be paid before the patient will be seen for their next scheduled appointment.
If a patient fails to provide sufficient notification of cancellation for more than 2 appointments, we reserve the right to dismiss the patient from our care.

Driver Contract: Patients are instructed not to drive for 24 hours following spinal injections and certain other muscle, nerve or joint injections as there is a risk of numbness, weakness, light-headedness or other complication that may impair the patient's ability to drive or operate machinery safely and may lead to undue risk of accident, injury or death. This can occur at any time during the immediate 24 hours after an injection and is unpredictable, regardless of past experience with other injections, procedures or at other clinics.
By signing below, I indicate that I have been adequately informed of these risks and of my physician's requirement that I appear with a driver at the time of my procedure, for my own safety. My signature also indicates the understanding that, should I present without a driver, refuse to provide a driver, or choose to drive during the 24 hours following my procedure despite my physician's recommendations, that my procedure may be rescheduled or cancelled and that I may even be discharged from the practice on a case-by-case basis.

Privacy Policy (HIPAA): I have received or have been offered a copy and understand this practices Notice of Privacy Practices. The notice provides in detail the uses and disclosures of my protected health information that may be made by this practice, my individual rights, how I may exercise these rights, and the practice's legal duty in respect to my information. I understand that this practice reserves the right to change the terms of it's Notice of Privacy Practices, and to make changes regarding all protected health information resident at, or controlled by, this practice. If changes to the policy occur, this practice will provide me a revised Notice of Privacy Practice upon request.

Assignment of Benefits: I the undersigned hereby authorize the staff to perform such services as deemed necessary by the physician to diagnose and treat my condition(s). Further I authorize assignment of my insurance rights and benefits directly to this provider and also authorize the release of such information as is needed to process insurance claims. I understand that I am responsible for all charges which may include legal fee, collection fees or other expenses incurred by the provider in collecting my account. I hereby order all parties to accept a copy of this release and assignment in lieu of the original. This shall remain in effect until revoked by me in writing.
